### About the Flower Friend CSA Program 2023

The Flower Friend CSA Program was developed as a flexible option for farmers market and online purchases. Like a gift card, this is an account that you can load funds into to spend anytime at any farmer's market we attend or in our seasonally stocked online shop.

Choose any value between \$200 and \$500 and use our CSA promo codes for a discount. Receive an 8% discount if you order before January 11th and 5% if you order before April 12th. Unfortunately, this option is not available to use at the Crophorne farmstand as our software does not coordinate with the farmstand system. The flexibility of this share makes it a great gift!

### Card Policy

1. No purchases over \$250 at farmer's markets without ordering ahead of time. Farmers market dates and locations can be found [here](#).
2. Your account number should be kept secure, treat it like cash!
3. Cards do not expire and there are no transaction fees to use them.
4. A physical paper card can be issued if requested, though upon signing up you will receive an email with your gift card number and will be able to print it out or forward it on as a gift. Anyone with your number will be able to use it. You can also check your balance online.
5. Not redeemable for cash and cannot be applied to wholesale account balances.
6. Not applicable to farm stand purchases.
7. Not eligible for Dahlia Lover's CSA Share purchases.
